## 2018 DISRUPTIVATOR YOUTH SUMMIT

### JULY 19-20, 2018

The Disruptivator Youth Summit is a two-day gathering of 300 forward-thinking youth leaders from across the U.S. The Summit will focus on experiential and engaging activities allowing the attendees to explore concepts as disruptivators – defined as someone who uses their unique spark, or passion, combined with innovative thinking to create positive change in the world. Summit attendees will participate in a variety of activities and interact with other “disruptivators” from a myriad of business sectors such as politics, entertainment, nonprofit, scholars, and inventors. Day two of the summit will feature a “Disruptivator” Career Expo comprised with organizations representing the sports, entertainment, government, public and private business communities.
